## The Royal Family.

The London Saturday Review says: 'For nearly three centuries 'royal' personages were so scarce in England that it was no wonder that, when they began to be more common, people began to look upon them as a distinct class from other people. All through the six-teenth and seventeenth centuries the royal family consisted of very few members; sometimes, as in the reign of are royal family at all. Between Henry the Fourth and George the First six sovereigns only were the fathers of a Prince of Wales; two of them, it may noted, were the father's of two Princes of Wales. And in all that time Charles the First, as Prince of Wales, and James the Second, as Duke of York, were the only son or brother of a king who had ever the opportunity of playford to Frederick Prince of Wales? or princess now and then. It was no
